

# COLTER ELEMENTARY SCHOOL

## MISSION

Our mission is to ensure that all students have the foundation for success and are challenged to reach their full potential.

## VISION

Colter Elementary invites students into a learning environment which is stimulating, challenging, and supportive. Students and staff continually endeavor to meet their full potential so that every day, every child can celebrate the joy of learning.

## AT COLTER ELEMENTARY. . . .

- ~we educate the Whole Child and we guide children to become confident citizens of our school, community, state, country and world.
- ~ we collaborate and communicate professionally with students, staff, administration, parents and community.
- ~ we value and support diversity and believe that it enriches our school community.
- ~we believe being respectful, friendly, safe and responsible is a school wide and community doctrine for all students, staff and parents.
- ~ we vary instruction to meet the needs of all students, emotionally, academically and culturally.
- ~ we utilize research-based teaching practices to challenge and engage students in learning.
- ~ we use data to drive instructional decisions.
